

Mission Starfish 2030: Restore our Ocean and Waters

Targets by 2030: cleaning marine and fresh waters, restoring degraded ecosystems and habitats, decarbonising the blue economy in order to sustainably harness the essential goods and services they provide.

The Ocean and Waters under threat

Mission Starfish 2030: Restore our Ocean and Waters

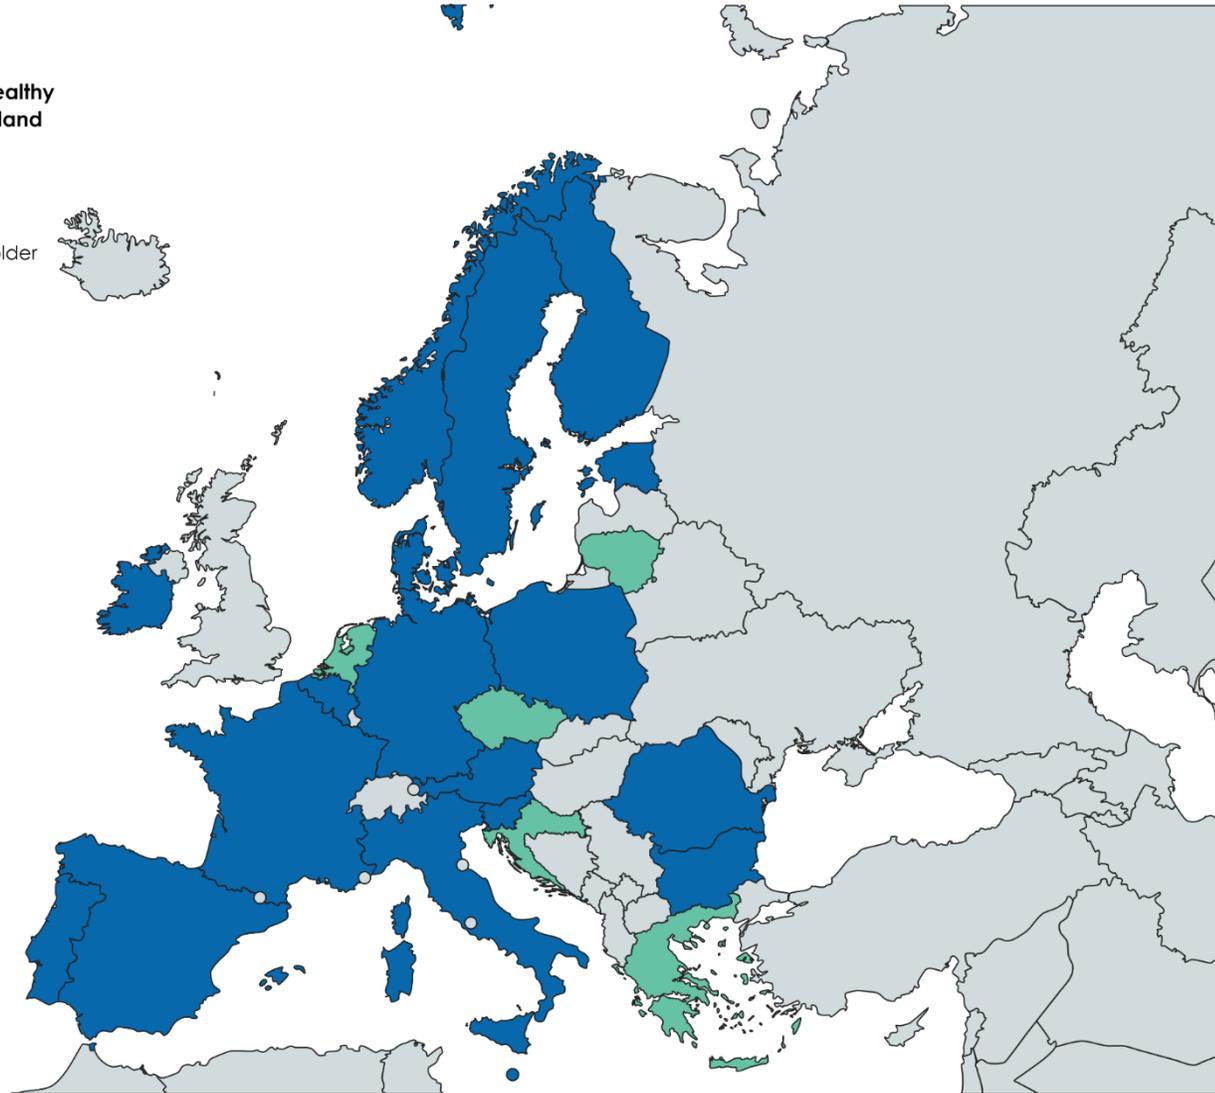

- The Mission proposes a holistic and coherent 2030 vision to address the various interacting and cumulative threats to our ocean and waters.
- Inspired by the shape of the starfish, the Mission has five mutually supporting objectives for 2030, which together will enable the restoration and regeneration of the water cycle as a whole.

Enthusiastic citizen and stakeholder engagement and co-creation across Europe

Past and future citizen and stakeholder engagement - Healthy Oceans, Seas, Coastal and Inland Waters

- Past citizen and stakeholder engagement
- Planned citizen and stakeholder events
